

Cabinetmaking

Career Competition

Career Cluster: Architectural and Construction

State Qualifying Exam: Yes

National Contest: Yes

Participation: Individual

Competition Description

This competition requires the building of a small cabinet from materials and drawings supplied. Competitors are expected to read the drawings and lay out and cut the parts using a table saw, laminate trimmer, hand drill, hinge boring machine and various hand tools. The parts must be accurately assembled, sanded and adjusted to tolerances specified by the judges.

Tasks To Be Evaluated

Requires the building of a small cabinet from materials and drawings supplied.

Clothing Requirement

National Requirement:

Official SkillsUSA khaki work shirt and pants; black or tan leather work shoes; and safety glasses with side shields or goggles. Prescription glasses can be used only if they are equipped with side shields. If not, they must be covered with goggles.
