

## Interior Room Design – Illinois\*

Individual | Skilled and Technical | Arts, AV Technology and Communications/Marketing

To provide students with the opportunity to demonstrate competencies needed in the occupational field of interior design through designing a room to accommodate individual needs, interests and tastes within a limited budget.

### Scope of the Competition

#### Knowledge Performance

Professional Development Career Readiness Assessment – Assess preparedness to enter the workforce as defined by the SkillsUSA Framework which identifies skills that are essential for success in the workplace and life.

There is no written technical skill knowledge exam for this contest.

#### Competition Guidelines

Day of the competition, competitors will get a description of the client they are designing for and the room of which they are designing. Each competitor will have 4 hours to create a presentation board and written explanation.
