

# STATE LEADERSHIP & SKILLS CONFERENCE

## 2027 SkillsUSA Championships Competitions

The SkillsUSA Championships program assesses and recognizes career and technical education (CTE) students by measuring their skills against industry standards for entry-level positions in the skilled trades through authentic, hands-on demonstrations. Students are evaluated by expert representatives from business, industry and organized labor, with thousands of outstanding CTE students competing in 115 trade, technical and leadership competitions.

This document reflects the official list of SkillsUSA Illinois career competitions for 2027. All career competitions follow the SkillsUSA Technical Standards, and this list is subject to change. Updates for the 2027 SkillsUSA Championships will be posted continuously leading up to the State Leadership & Skills Conference (SLSC) at: <https://www.skillsusaillinois.org/championships>

Competitions scheduled to run at SLSC are based on registration and the establishment of a Technical Committee. At minimum, a required number of students or teams must be enrolled in a division for a competition to take place. Competitions with low registration may be cancelled.

Middle school members do not participate SLSC Qualifying Exams.

| Competitions                                             | Cluster                                      | Status   | Number     | Qualifying Exam Required | Test Only Competition | College Postsecondary | High School | Middle School |

# STATE LEADERSHIP & SKILLS CONFERENCE

## 2027 SkillsUSA Championships Competitions

The SkillsUSA Championships program assesses and recognizes career and technical education (CTE) students by measuring their skills against industry standards for entry-level positions in the skilled trades through authentic, hands-on demonstrations. Students are evaluated by expert representatives from business, industry and organized labor, with thousands of outstanding CTE students competing in 115 trade, technical and leadership competitions.

This document reflects the official list of SkillsUSA Illinois career competitions for 2027. All career competitions follow the SkillsUSA Technical Standards, and this list is subject to change. Updates for the 2027 SkillsUSA Championships will be posted continuously leading up to the State Leadership & Skills Conference (SLSC) at: <https://www.skillsusaillinois.org/championships>

Competitions scheduled to run at SLSC are based on registration and the establishment of a Technical Committee. At minimum, a required number of students or teams must be enrolled in a division for a competition to take place. Competitions with low registration may be cancelled.

Middle school members do not participate SLSC Qualifying Exams.

| Competitions                                             | Cluster                                      | Status   | Number     | Qualifying Exam Required            | Test Only Competition               | College Postsecondary               | High School                         | Middle School                       |
|----------------------------------------------------------|----------------------------------------------|----------|------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|

# STATE LEADERSHIP & SKILLS CONFERENCE

## 2027 SkillsUSA Championships Competitions

The SkillsUSA Championships program assesses and recognizes career and technical education (CTE) students by measuring their skills against industry standards for entry-level positions in the skilled trades through authentic, hands-on demonstrations. Students are evaluated by expert representatives from business, industry and organized labor, with thousands of outstanding CTE students competing in 115 trade, technical and leadership competitions.

This document reflects the official list of SkillsUSA Illinois career competitions for 2027. All career competitions follow the SkillsUSA Technical Standards, and this list is subject to change. Updates for the 2027 SkillsUSA Championships will be posted continuously leading up to the State Leadership & Skills Conference (SLSC) at: <https://www.skillsusaillinois.org/championships>

Competitions scheduled to run at SLSC are based on registration and the establishment of a Technical Committee. At minimum, a required number of students or teams must be enrolled in a division for a competition to take place. Competitions with low registration may be cancelled.

Middle school members do not participate SLSC Qualifying Exams.

| Competitions                                 | Cluster                            | Status   | Number     | Qualifying Exam Required            | Test Only Competition               | College Postsecondary               | High School                         | Middle School                       |
