

THE CHAMPIONSHIPS 2024

ILLINOIS' ELITE CAREER COMPETITIONS

Join Us on the Road to Readiness!

SkillsUSA is America's proud champion of the skilled trades, and our mission is to empower students to become skilled professionals, career-ready leaders and responsible community members. The SkillsUSA Framework is essential to our mission because it serves as the blueprint for career readiness and a benchmark for measuring student success — our ultimate goal as an organization.

SkillsUSA Illinois focuses on developing the career-ready individuals through authentic work-based learning, by connecting our educational institutions with our network of business and industry partners. From industry developed standards, employability skill development, pre-apprenticeship experiences, DOL Registered Apprenticeships to flagship career competitions, SkillsUSA Illinois has the resources to prepare the next generation of the workforce.

The Championships: Illinois' Elite Career Competitions is the pinnacle event for the members of SkillsUSA Illinois and the greatest showcase of Career and Technical Education in the state. More than 5,000 individuals — including students, teachers, and business partners — participate in the multi-day workforce development event. The event plays host to over 140 career competitions, student and professional member development experiences focused on career readiness, as well as displays of career preparedness mastery. The red jackets come out on Saturday as the conference ends with an "Olympic Style" Awards Session. It is truly a sight to behold as students stand tall and proud of their accomplishment and prepare to represent Illinois on the national stage this June.

Skills Fest: Champion's Welcome

SkillsUSA Illinois is excited to offer a new member experience, Skills Fest! Kicking off The Championships' Thursday afternoon, Skills Fest is a street festival with food trucks, live entertainment, job demonstrations, activities, and more. This event will provide an opportunity for chapters to have access to an activity upon their arrival to Peoria as well as several different dinner meal options Thursday evening. This high-energy event will engage and motivate members as attendees will move into the Opening General Session, the official start of The Championships 2024.

SkillsUSA Illinois TECHSPO

The SkillsUSA Illinois TECHSPO showcases the latest technology and its application by our future workforce, teachers, and experts. Over 200 exhibitors at SkillsUSA Illinois TECHSPO are placed alongside career competitions that are shaping and celebrating our state's future workforce. Across four exhibition halls, interactive experiences inspire participants while industry connections are forged to enhance classrooms and develop the country's talent pipeline.

Career Competition Overview

The SkillsUSA Illinois Championships program assesses and recognizes career and technical education students. These career competitions engage members by testing their skills against standards for entry-level workers in the skilled trades through authentic skill demonstrations. The SkillsUSA Technical Standards are considered the “rule book” of the competitions and outlines the competencies assessed. The competitions simulate the skills needed to be an entry level professional in the field.

The SkillsUSA Championships program connects the work done by students at the local level to the national level. Members must have proven competency at the local and then regional level to advance to the State Championships. At the state competition, student members’ career readiness is evaluated by expert representatives of business, industry and organized labor. The gold medalist of each competition advances on to represent Illinois in the SkillsUSA Championships at the National Leadership & Skills Conference held each June in Atlanta, Georgia.
