

# THE CHAMPIONSHIPS 2025

## ILLINOIS' ELITE CAREER COMPETITIONS

### Test Center

---

**Friday, April 25: 8 a.m. - 4 p.m.**  
**Peoria Civic Center – Room TBD**

As we gear up for The Championships, Illinois' Elite Career Competitions the state office wants to provide crucial details regarding the examination procedures for our student competitors. This prestigious event, showcasing the pinnacle of Illinois' career competitions, involves several competitions that require the completion of designated examinations.

To facilitate this aspect of the competitions, a specialized testing center has been established on-site. Operating from 8 a.m. to 4 p.m., this space is designed to accommodate our students' diverse schedules, allowing them to complete their exams at their convenience. However, it's important to note that all competitors must check in for their examinations before 3:30 p.m.

We understand that some students might encounter timing conflicts due to their participation in multiple competitions. Therefore, I strongly encourage you to assist them in addressing these potential conflicts during the Thursday Night orientations. This proactive step will ensure our student competitors can effectively manage their time, enabling them to immerse themselves fully in various events while meeting their examination commitments.
